We have had an appeal of a funding decision denied by the SLD. It was in the pre-discount amount of \$27,315.48. I accept the validity of that decision however there has been a new development that warrants an appeal of that decision. When we filed our original 471 application, South Central LLC (SPN – 143026730) was billing a portion of our phone service. Since that time South Central Rural Telephone Cooperative (SPN – 143001578) has assumed all service and billing of the POTS numbers that service our district.

Given this information I would request that the amount of 27,315.48 originally listed under FRN 1293005 be approved for discount to South Central Rural Telephone Cooperative. Thank you for your time and consideration. Please feel free to contact me should you have questions.
